

Adrian Czuraj

BA (Hons) Dip Arch RIBA
Architect

Adrian has worked in variety of practices all around the world, giving him considerable knowledge and a broad range of design and architectural experience.

Before joining Design Engine he worked with John Pardey Architects, where he was appointed as a project architect for a number of private residential schemes.

While at Twenty Two Over Seven Architects he worked on a variety of projects ranging from RIBA award winning private houses, restaurants and the RIBA award winning regeneration and development of Ormeau Gasworks.

Adrian graduated with distinction, as the best student of the year at the Technical University of Gdansk in Poland.

Currently Adrian is part of the facade team for the Oxford Brookes University - New Library and Teaching Building project.
