

Hugh Richardson

BA (Hons) Dip Arch MA ARB
Senior Architect

Hugh Richardson graduated with a distinction in his Diploma of Architecture from Portsmouth University in 2000. He spent the following four years working at double Stirling Prize winning WilkinsonEyre Architects, working on a variety of projects including the Museum of London and two schemes for City and Islington College. During this time he gained his MA in Professional Practice and RIBA part 3 qualification.

Hugh joined John Pardey Architects in 2004 to reinforce their team as project architect. In 2005 he became an associate with responsibility for building procurement and production information. During his time at John Pardey Architects Hugh worked on a variety of projects ranging from private houses, to schools and health care schemes.

In 2009 Hugh moved to Design Engine and joined the Oxford Brookes team. Acting as services coordinator Hugh works to discretely integrate passive environmental design solutions and building services into the scheme- currently targeting BREEAM excellent.
